

## COVID-19 Showing Guidelines

### For Showings:

- **Confirm with listing agent that no one in the home is sick or has recently travelled.**
- **Do not show homes if you are feeling unwell in any capacity.**
- **Bring hand sanitizer** *for yourself and your clients, for before and after the showing.*
- **Do not drive with your clients.** *Have them meet you at the home.*
- **Avoid touching surfaces unnecessarily.** *Bring lysol wipes if you can to wipe down doorknobs/cupboards before/after opening.*
- **Do not leave a business card or any other paperwork.** *Opt to send an email to the listing agent instead.*

### For Listings:

- **Keep in constant contact with your clients about their health.** *Do not permit showings if anyone in the home is sick.*
- **Ensure the agent entering the home, and their clients, are all in good health and have not recently returned from vacation.**
- **Try to provide virtual tours/walkthroughs/videos of the home wherever possible.** *Try to limit the number of people coming through the home.*
- **Provide hand sanitizer and wipes for the homeowner to put out during showings.** *Let the agent know to please use them before and after the visit.*
- **Request that your homeowners wipe down frequently touched surfaces before and after showings.**
- **Do not leave information leaflets in the home for people to take.** *Opt to send this information to the agent in digital form to be shared with their clients.*

**CURRENT COMPANY POLICY RESTRICTS YOU FROM HOLDING OPEN HOUSES UNTIL FURTHER NOTICE.**
